

OPFCON Participants FAQ

When and where is OPFCON?

Day 1 – Tuesday 9 June | 13:00 – 17:00 CEST

Day 2 – Wednesday 10 June | 10:00 – 13:30 CEST

How do I register for OPFCON?

You can register for OPFCON [here](#). OPF members benefit from unlimited, free places. OPF members should use the **access key** sent to the members mailing list and click on the link in the bottom left corner of the tickets page 'I have an access key'. There is a small charge for non-members.

How do I join OPFCON?

You can join the conference by clicking on the link in your zoom registration email and entering the password. If you do not have this email please let us know and we will resend it to you. Please note that the zoom joining link is **unique to you and should not be shared** as only one user can access the event per link.

Help, I'm new to zoom!

There are lots of resources and training materials available for zoom here:

<https://support.zoom.us/hc/en-us>.

We strongly encourage you to carry out a test call with the machine and audio setup you will be using to join the conference. You can join a test call here:

<https://zoom.us/test>.

We are sorry, but we are unable to offer individual technical support during the live event. There are contact numbers available on the zoom support pages above.

How do I ask a question?

The agenda has been structured into six sessions. Questions for the speakers will be grouped at the end of each session.

During the presentations, please use the **Q&A function** to ask a question and indicate who you wish to address your question to. We will ask the speakers to answer these questions first and then we will open the floor to live questions. Please use the 'raise your hand' function and we will answer as many questions as time allows.

Can I ask a question in the chat?

Please enter all questions for speakers in the Q&A function to keep them in one place. We encourage you to use the chat to say hello, introduce yourself or maybe share useful links to a speaker's presentation.

Collaborative notes

We are setting up collaborative notes to make OPFCON more accessible to anyone who cannot attend live, and as a way to share ideas and information from a range of perspectives.

The collaborative notes will be open to everyone and we welcome contributors to help capture the conference.

Twitter

OPF members have volunteered for a twitter takeover using our account (@openpreserve). Join us and share your thoughts using #OPFCON!

Google Drive

We have set up a Google Drive space for OPFCON which will be shared with registered participants on 8 June. Visit the drive to find:

- The conference programme
- Materials from our sponsors
- Accompanying slides for our poster session
- Collaborative notes
-and more!

Will you be recording OPFCON?

Yes, the recordings will be made openly available on the OPF website after the event.

Join us for a virtual drink!

We will be holding a drop-in social event for OPFCON on **9 June at 17:30 CEST**. Grab a beer or cup of coffee and join us for an informal chat.

We will move over to a different zoom meeting for the social. Details will be emailed to everyone who has registered.

A big thank you to our sponsors for supporting OPFCON!
